RESTAURANT OPENS ITS DOORS AFTER £½ MILLION FACELIFT

The Brasserie at Sopwell House has reopened following an extensive refurbishment programme that has resulted in a stylish and contemporary new look. The stunning interiors were designed by London-based architectural interior designers Richard Daniels Design plc.

The St Albans hotel expects the eatery to become a hot new destination for those looking for a different venue for drinks and a casual meal. Sopwell House owner and proprietor, Abraham Bejerano comments, "At a time when many other companies are cutting back on services, we are bucking the trend by continuing to invest. We are proud to bring a new and exciting dining experience to people living in St Albans and the surrounding area."

The varied menu features like French onion soup and all-time favourite, the Sopwell House burger, alongside classics such as rib-eye steak and salmon fishcakes. In line with The Brasserie's cosmopolitan setting, lamb tagine, Thai chicken curry and other popular dishes from around the world are also on the menu.

The Brasserie is marking its opening with a special offer of a two-course meal for two people and a bottle of wine for just £29.00 during March. To take up the opening offer, diners need to visit www.sopwellhouse.co.uk/vouchers and register to print their offer voucher.

The Brasserie is open for breakfast, lunch and dinner seven days a week from 6.30am to 10pm on weekdays and from 8am to 10.30pm at weekends. Bookings can be made by calling **01727 750596**.
